

Syed Hamza Imran

Full-Stack Developer

Karachi, Pakistan | +92 335-8179638 | hsyed6448@gmail.com | linkedin.com/in/syedhamza6448 | github.com/syedhamza6448

PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer with hands-on experience building scalable, responsive, and high-performance web applications. Specialized in React.js, Next.js, Angular, Tailwind CSS, and modern UI architecture. Proficient in backend development with Laravel, ASP.NET Core, and REST API design. Currently expanding into cross-platform mobile development with Flutter and Dart. Proven ability to deliver production-ready, maintainable solutions within remote and collaborative team environments.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, HTML5, CSS3, SQL, PHP, C#, Dart (learning)
Frontend	React.js, Next.js, Angular, Material UI, Tailwind CSS, Bootstrap, jQuery
Backend	Laravel, ASP.NET Core, REST APIs, PHP
Mobile	Flutter, Dart
Databases	MySQL, MS SQL Server, Firebase, Supabase
Tools & VCS	Git, GitHub, Postman
Concepts	MVC, OOP, Responsive Design, API Integration, Performance Optimization, Reusable Component Architecture
CMS	WordPress, Elementor

PROFESSIONAL EXPERIENCE

Full-Stack Engineer | Mini Solutions, Karachi, Pakistan Dec 2024 – Dec 2025

- Developed and maintained production-level web applications using React.js, Next.js, Angular, Laravel, and ASP.NET Core
- Engineered scalable REST APIs using PHP and Laravel with MySQL, improving backend reliability and response time
- Built reusable, accessible UI component libraries and dynamic forms, reducing feature development time by 30%+
- Implemented performance optimizations including lazy loading, code splitting, and caching strategies across multiple projects
- Collaborated cross-functionally with designers, QA engineers, and stakeholders in a remote-first environment to deliver stable, on-time releases

KEY PROJECTS

FinTrack — ASP.NET Core, Angular, MS SQL Server, REST APIs, Chart.js

- Built a full-stack personal finance management application featuring real-time expense tracking, budget-setting, and financial goal monitoring
- Designed an interactive dashboard with dynamic charts and data visualizations to help users analyze spending patterns and trends
- Implemented secure user authentication, role-based access control, and RESTful APIs to ensure data integrity and performance

Inquizzitive — *Laravel, MySQL, Blade, REST APIs*

- Developed a full-featured quiz creation and play platform supporting theme customization, timed quizzes, scoring systems, and attempt tracking
- Designed a scalable database schema and REST API layer to support concurrent users and real-time score updates

Zenstands — *WordPress, Elementor, CMS*

- Built a responsive business website with scalable content sections, lead-generation forms, and SEO-optimized structure
- Delivered 99.8% transaction success rate with zero security incidents post-launch

CERTIFICATIONS & AWARDS

IT Vision 2025 *November 2025*

TechWiz 6 Global Competition — Web Development Category *September 2025*

- Built a functional web application within a competitive time constraint, applying full-stack development skills to solve a real-world problem
- Collaborated with teammates and delivered a live demo presentation to a panel of judges

EDUCATION

Advanced Diploma in Software Engineering (ADSE) — Aptech Learning, Karachi *2024 – Present*

Intermediate (Computer Science) — NCR-CET College, Karachi *2024 – 2026*

Bachelors of Science in Applied Computing *2026 – Present*
